APPLICATION FOR SPECIAL EVENT FOOD ESTABLISHMENT PERMIT INSTRUCTIONS TO FOOD VENDORS

BACKGROUND

Hawaii Administrative Rule Title 11, Chapter 50, section 3(a) states that no person may operate a food establishment without a valid permit. Any person who intends to operate a food establishment in conjunction with a special event may apply for a special event food establishment permit.

A special event is a planned activity where food is distributed to the public with or without charge at a public or privately owned property. This may include a sporting event, carnival, farmers market, religious organization function, fairs or other similar gatherings.

A Special Event Food Establishment permit is valid for one (1) food booth for a single location only. The Special Event Food Establishment permit must be available at the booth at all times.

APPLICATION PROCESS

- Submit a completed “Application for Special Event Food Establishment permit” with applicable fees ten (10) days prior to event start date. Incomplete application forms will not be processed. See backside of this page for instructions on how to complete the form.
- Applications and fees can be mailed or submitted in person to the Department of Health Sanitation Branch. Make checks payable to: STATE OF HAWAII.
- If approved, the “Special Event Food Establishment permit” may be picked-up, faxed, emailed or mailed (include a self-addressed stamped envelope with the application).
- Operating differently than indicated on the approved application may result in immediate closure of your food booth.

EXEMPTIONS

Vendors who distribute or sell prepackaged foods that are also non-potentially hazardous, or vendors who distribute or sell “homemade food products” or “hand-pounded poi” directly to the consumer, are not required to obtain a Special Event Food Establishment permit. “Homemade food products” means not potentially hazardous food produced or packaged by the vendor in their home kitchen. Some common examples of “homemade food products” are baked goods, chex mix, popcorn, but DOES NOT include cream filled pastries, baked goods with meat, pickled food items, homemade salsas, jerky or smoked meats/fish, low acid canned foods and garlic in oil.
